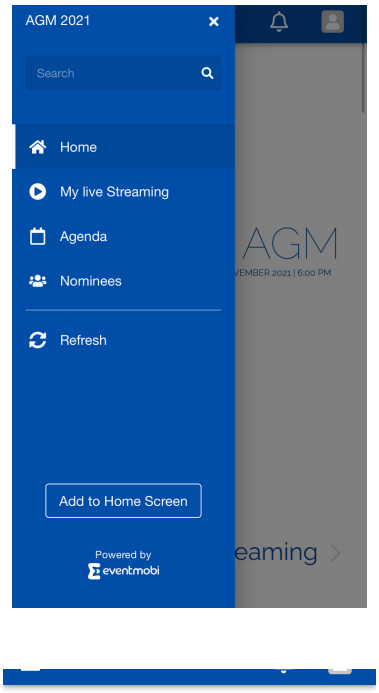
How to Navigate the Site using a Mobile Device

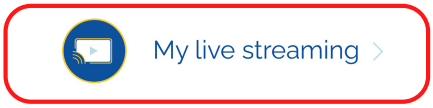
1 The main menu is located to the top left hand side of the page. This Event Space menu will give access to all of the sections and features of your event.

2 When you open your left hand menu, you will have the option to collapse it or leave it open as a central navigation point and easy access to the left hand menu.

The menu will adjust the size of the event space so that it is not covering any content and allow you to view the menu as well as the content on the screen.



3 Click on my live streaming.



4 Click on live streaming (live poll).
